

2018 Social Concerns and Missions Committee

The Social Concerns committee collected and delivered donations to the Columbus Food Pantry and Domestic Violence centers. The committee organized church members who will prepare dinners for the local mission. In early fall. We requested food donations for "A Place at the Table" and delivered them to the group asking the bags for school-age children. We met with a member of the LBGT community to address national inclusion of an open community at Federated Church. No action was taken to suggest the church adopt a program for inclusion in their website. Our group participated in the Comfort Closet program. By a vote of committee members a \$100 donation will be made to the Food Pantry.
